

Remote Learning Timeline

In response to the COVID-19 global health crisis, Birmingham City Schools has developed a remote learning plan so our students can continue learning while our school buildings are closed. This plan represents BCS’ commitment to making every effort to ensure that the learning of each and every Birmingham City School student continues to be successful.

Throughout school closures, Birmingham City Schools teachers will continue to provide students with instruction that is designed to build upon the learning trajectory already established in the classroom. Please see the timeline below for Remote Learning in BCS.
