*Happy Valentine's Day  
from the  
Booker T Washington Family*

**Welcome to the  
School Counselor's Corner**

During the month of February, we are encouraging our students to practice kindness and explore loving ways to interact with one another.

On January 17th, we began  
20 days of kindness.

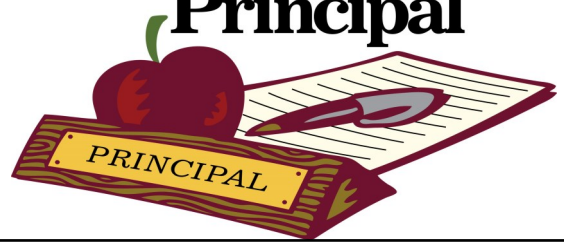

Students were encouraged to practice kindness in various ways and also write encouraging notes to their peers. Staff were also encouraged to do this with their students.

Please assist us by encouraging your students at home to do the following:

- Practice kindness when talking to their peers and staff members
  - Offer peers or staff a helping hand while at school
  - Assist someone in need in their community
- Offer encouraging words to someone in need of an uplift

Thank you for helping our students reach the top!

From  
the  
**Principal**

*Our recent ACAP data shows Booker T Washington moved from a D on the report card to a C. We are proud of this and parents we encourage you to continue assisting our scholars to achieve success by assisting them with their class homework and assignments. Help us by checking everyday to see if your student has work to finish.*
