INTRODUCTION

The Birmingham City Schools (BCS) Code of Student Conduct (CSC) supports our schools in maintaining safe, nurturing, participatory, and productive learning environments. In order to maximize learning time and promote positive behaviors, every school must establish multi-tiered systems of support for students’ social, emotional, and behavioral needs. This includes developing clear expectations, teaching social-emotional competencies, and fostering positive relationships among all members of the school community. BCS is committed to an instructive, corrective, and restorative approach to behavior. If behavior incidents arise that threaten student safety or severely disrupt the educational process, the response should minimize the impact of incident, repair harm, and address the underlying needs behind student behaviors. In accordance with the code of student conduct all disciplinary responses must be applied respectfully, fairly, consistently, and protect student’s rights to instructional time whenever possible. The Code of Student Conduct is our guide to that purpose. The Code of Student Conduct:

- Describes the standards for positive conduct;
- Explains the attendance policy for students;
- Strives to standardize procedures schools use in responding to conduct problems;
- Assures the rights of students when disciplinary action is taken;
- Specifies the rights and responsibilities of students.

Students, parents/guardians, and school staff will be provided with a copy of the current edition of the Code of Student Conduct. Faculty members will review standards of conduct and consequences for improper behavior as described in the Code of Student Conduct. The Code of Student Conduct shall be modified as required by changes in federal, state, and district laws/policies.

As students progress through school, differences in age and maturity are recognized in determining the type of disciplinary action to be taken. However, the procedures outlined in the Code of Student Conduct apply to all students enrolled in Birmingham City Schools.

The Code of Student Conduct is applicable to students:

- During regular school hours;
- On a bus stop; being transported on a school bus;
- At such times and places where appropriate school administrators have jurisdiction over students including, but not necessarily limited to, walking to and from school, school-sponsored events, field trips, athletic functions, and other activities;
- Whenever a student’s misconduct away from school has a detrimental effect upon other students or on the orderly educational process.

Violations of the Code of Student Conduct are grouped into four categories:

- Classroom Managed
- Class I: Minor offense or Behavioral Misconduct
- Class II: Intermediate offenses or Disruptive Misconduct, and
- Class III: Major offenses or Criminal Misconduct

Each classification is followed by a list of offenses and appropriate disciplinary actions that are to be carried out by school administrators (or designees). In each class of violations, it is understood that the administrator (or designee) shall hear the student’s explanation regarding the alleged violation before deciding the classification of a violation. The administrator (or designee) may consult further with school personnel and others, if necessary, before deciding the classification of the violation.
RIGHTS AND RESPONSIBILITIES OF PARENTS AND GUARDIANS

Alabama Law 16-28-2 states that the parent or guardian is ultimately responsible for the proper conduct and regular attendance of the student while attending school.

RIGHTS

Parents or guardians have the right to:

- Expect quality in the instructional program and be involved in appropriate school programs.

RESPONSIBILITIES

Parents or guardians have the responsibility to:

- Ensure that their child arrives on time each day. School begins for students in Grades K-8 at 8:00 am and 8:30 am for Grades 9-12. Students MUST be at school and seated in the classroom at the appropriate grade level designated time. Any student arriving after the designated time MUST be accompanied to the office by a parent or guardian.
- Students are required to remain at school for the entire day. Dismissal time is 3:00 pm (K-8) and 3:40 pm (9-12).

SOCIAL MEDIA

Birmingham City Schools (BCS) respects the right of its’ students to use social media and networking sites, message boards and forums, as well as personal websites and blogs, but it is important that the student's personal use of these sites do not damage the student’s reputation, pose risk to their safety or the safety of others, and/or lead to criminal prosecution. Students should refrain from using social media to commit bullying; to post illegal activity or threatening messages; or to cheat or plagiarize. Students should also avoid posting confidential information. Parents and students should note that any such acts may lead to disciplinary action. Parents are strongly encouraged to closely monitor the student’s internet presence and should understand that the student is ultimately responsible for any statements disseminated from their individual social media account.
Positive Behavior Intervention Support is a mandated framework for Birmingham City Schools. This approach to behavior prevention is designed to improve school safety and promote positive behavior. It guides schools to decide appropriate responses to child behaviors using a preventative approach.

The main principles of PBIS are:
1. Every child can learn proper behavior.
2. Early prevention can prevent serious behavior problems.
3. Each child is unique and schools must provide differentiated behavior supports.
4. The school’s approach to teaching behavior should be based on research and science.
5. Noting and rewarding a child’s behavior progress is important.
6. Gathering data and making informed decisions about behaviors based on data is critical.

Additionally, BCS will use a restorative justice model to approach discipline; a practice that focuses on teaching replacement behaviors and guiding students into making better choices rather than focusing solely on punishment.

Positive Behavioral Interventions and Supports (PBIS) is based on a problem-solving model and aims to prevent inappropriate behavior through teaching and reinforcing appropriate behaviors (OSEP Technical Assistance Center on Positive Behavioral Interventions & Supports, 2007). Positive Behavioral Interventions and Supports (PBIS) is a process that is consistent with the core principles of Response to Intervention (RTI). PBIS offers a range of interventions that are systematically applied to students based on their demonstrated level of need, and addresses the role of the environment as it applies to development and improvement of behavior problems. (OSEP Technical Assistance Center on Positive Behavioral Intervention & Support, 2007).

If a student is unsuccessful with PBIS interventions, he/she should be referred to the Problem-Solving Team (PST). According to the Alabama Administrative Code, the PST is a model to guide general education intervention services for all students who have academic and/or behavioral difficulties. The PST is central to the school’s successful implementation of the Response to Instruction (RtI) framework. Decisions regarding the number of PSTs needed by a school should be determined at the school level; however, a minimum of one PST per school is required to review data-based documentation regarding students’ progress regularly, advise teachers on specific interventions matched to student needs, and communicate with parents regarding student intervention needs being provided. The Problem Solving Teams will analyze screening and progress-monitoring data to assist teachers in planning and implementing appropriate instruction and evidence-based interventions for all students with academic and/or behavioral difficulties, including those students who exhibit the characteristics of dyslexia. The PST should include at least one classroom teacher, a special educator, a counselor or social worker, and the building administrator.

**PBIS GUIDELINES**

Recommended Team Members: Administrator(s), General Education Teacher, Special Education Teacher, Counselor, and Other Support Coaches/Interventionist.

The PBIS team will identify three to five behavioral expectations to promote a consistent positive school environment. In other words, rather than telling students what not to do, the school environment will focus on the preferred behaviors through modeling and instruction. Lastly, PBIS goals must be (a).measurable outcomes, (b).evidence based, (c).implemented and (d.) data driven.

**STEP I: Identification.**

- Identify three to five behavioral expectations for the school (PBIS Team)
- Generate universal approval of behavior expectations from faculty/staff
- Target specific areas/environments for behavioral expectations
STEP II. Teaching and Learning

- Develop matrix of behavioral expectations for specific areas/environments
- Determine how behaviors will be taught in classroom/non-classroom settings (i.e. lesson plans)
- Student "roll-out" to include positive reinforcements
- Differentiate Instruction
- Intervention Strategies (minimum of 9-12 weeks)
- Ongoing progress monitoring of behaviors utilizing formative assessments
- Data review (i.e. office referral, suspensions, alternative placements, SIR Report, etc.)
- Analyze (Who) (i.e. grade level meeting, department meeting, curriculum meeting, etc.)
- Reflect (Why) (i.e. grade level meeting, department meeting, curriculum meeting, etc.)

STEP III: Intensive Intervention Strategies

- Refer to PST (documentation from Step II)
- Intensive Intervention (minimum of 8 weeks)
- Recommended Intensive Intervention (i.e. one-on-one counseling, behavior contract, interventionist, specific social skills training, etc.)

DISCIPLINARY RESPONSES FOR CLASSROOM MANAGED BEHAVIOR VIOLATIONS

GRADES K-12

The greatest opportunity for students to demonstrate self-esteem, self-discipline, and respect for others occurs in the classroom under the direction of the classroom teacher. Teachers shall implement effective instructional strategies and best practices in classroom management.

Continual teaching, combined with feedback of positive student behavior, will decrease unnecessary discipline and promote a culture of productivity, safety, and learning.

When a student shows a lack of respect for established rules, teachers shall assist the student in recognizing the inappropriate actions, identifying the rule the student is breaking, and developing a plan for making more
appropriate choices. Specific teacher management and consequence options for classroom managed behaviors include:

Classroom management will prioritize a learning environment that is safe and supportive for all students and faculty.

Teachers shall apply logical, appropriate consequences for student misbehavior, including, but not limited to, immediate intervention, student conferences, parent/guardian conferences, loss of free time, and before and after school detention. A classroom managed infraction must be reported to the parent before resulting in a Class I Offense. DISCIPLINARY RESPONSES FOR CLASS III VIOLATIONS

GRADES K-12

The disciplinary response for the commission of a Class III offense may be removal from school or an assignment to an alternative location. Please note that if a student is assigned to an alternative location, the parent may be responsible for transportation to and from that location. The removal from his zoned school may include the remainder of the school year and/or the next school year (not to exceed 180 days). This determination is made as a part of the student hearing process.

The school administrator (or designee), after reviewing the allegations and evidence against a student and giving the student the opportunity to respond to the allegations, is initially responsible for deciding that a Class III offense has been committed. Once that determination has been made, the administrator (or designee) will give the student a
suspension notice containing a written statement of the charges (and a statement of mitigating or extenuating circumstances, if any) and shall suspend the student to a hearing officer. If the hearing officer determines, based on facts and evidence presented at the hearing, that the student committed a Class III offense, the student may be subject to expulsion.

If, however, there are mitigating or extenuating circumstances, the hearing officer shall separately state those circumstances and may consider them in deciding appropriate disciplinary action. Mitigating or extenuating circumstances include, but are not limited to, the absence of severe personal injury, the absence of extensive property damage, identified disabilities, including lack of English proficiency, which may require the need to provide English as a Second Language services, interventions at the local school level, and no prior record of a Class III offense. All students who are expelled must schedule a reinstatement conference with a hearing officer before he/she can be enrolled in any Birmingham City school.

SENIORS:
- Students assigned to an alternative program are not eligible to participate in any senior activities, including but not limited to: the prom, senior picnic, honors and awards day, and graduation ceremony

ALTERNATIVE SCHOOL ASSIGNMENT:
Students may be allowed to attend an alternative school under the conditions set forth by the Board of Education in order to earn admittance to the local school. All grades earned at the alternative school should be transferred to the student's zoned school upon re-admittance. Should the parent(s) or guardian be offered this opportunity and decline it, a hearing officer may recommend to the Superintendent that the student be expelled from all Birmingham City Schools.

Note(s): Consequences for a Class III offense MAY include, but are not limited to the following and should be matched to the severity of the infraction:

- 1st OFFENSE: 45 days
- 2nd OFFENSE: 90 days
- 3rd OFFENSE: 180 days

MAY EXTEND IF STUDENT IS NONCOMPLIANT

The student MUST serve the days assigned. If a student is absent or suspended, those days will not count towards the days served.

A student MAY serve a total time of up to one (or the remaining of a) full academic year.

If a transfer student is removed (expelled) from school as a result of a Class III hearing, the student MUST be reinstated to an alternative school/program for a period of time (determined by Hearing Officer) before transitioning to his/her regular zoned school. The student must report to a Hearing Officer for Reinstatement.

Special Education Procedures for Class III Criminal/Major Offenses:
If a student with a disability (IEP or 504) commits a class III offense, a manifestation determination MUST be conducted (this also applies to students who have received more than 10 days of consecutive/cumulative class II suspensions.)

Who conducts the manifestation review?
The Manifestation Determination IEP (504) Team must consist of the district representative, school LEA, the parent, and relevant members of the IEP (504) Team.

What information/data must be reviewed by the team?
- Copy of the IEP (504), including the FBA/BIP if applicable
- Eligibility Report
- Attendance Report
- Parent Special Education Rights Under IDEA (504)
- Blank IEP (504) Signature Page
Discipline write-ups
All supporting data, i.e. medical, behavior logs, data sheets, etc.
Notice of Proposal or Refusal to Take Action

If patterns exist of documented incidents of misbehavior in relation to the student via discipline records and/or IEP (504) documents, the educational team must address the needs of the student through an IEP (504) meeting. If this has not been done, then the team must consider the incident a “manifestation of the student’s disability”.

When the IEP (504) Team determines that the behavior is NOT a manifestation of the student’s disability, the following questions must be considered:

a. Was the conduct in question caused by or does it have a direct and substantial relationship to the student’s disability?
   YES ( )    NO ( )

b. Was the conduct in question a direct result of the LEA’s failure to implement the IEP (504)?
   YES ( )    NO ( )

What happens if the manifestation review determines that the student’s misbehavior is a manifestation of their disability?

The IEP (504) Team shall—
a. conduct a functional behavioral assessment, and implement a behavioral intervention plan for such child, provided that the local educational agency had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
b. in the situation where a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior;
c. return the child to the placement from which the child was removed, unless the parent and the local educational agency agree to a change of placement as part of the modification of the behavioral intervention plan.

What happens if the manifestation review determines that the student’s misbehavior is NOT a manifestation of their disability?

a. The relevant disciplinary procedures applicable to children without disabilities may be applied to the child in the same manner in which they would be applied to children without disabilities.
b. If the district initiates disciplinary procedures applicable to all children, the district shall ensure that the special education and disciplinary records of the child with a disability are transmitted for consideration by the person or persons making the final determination regarding the disciplinary action.

What happens if a student, identified under IDEA, commits a crime?
School officials can report crimes committed by children with disabilities to appropriate law enforcement authorities to the same extent as they do for crimes committed by non-disabled students.

PROCEDURES FOR SHORT TERM SUSPENSIONS

A student accused of misconduct, which in the opinion of the administrator (designee) would require a short-term suspension from school, shall be afforded the procedure below. A student must be given an opportunity to complete assignments, and take major tests or exams missed during the period of suspension (within three days of returning from suspension). Details of the process are as follows:

Step 1: The student must be told by the administrator/designee of the reason for the consideration of suspension.
Step 2: The student must be given the opportunity to have an informal hearing with the administrator to present their version of events and to identify witnesses to the incident. The informal hearing will typically occur immediately after the student is informed of the charges, but may be delayed if the student’s continued presence on the campus is a safety concern.

Step 3: The administrator/designee shall make a determination as to whether or not a student is guilty of the misconduct, and if so, what disciplinary response will be imposed. Initial notices to impose suspension may be communicated orally to the parent; written notification must follow.

Step 4: The administrator/designee shall report each suspension in writing to the student’s parent/guardian. This report shall be sent to the parent by email, regular mail or other reliable means by the end of the day of the suspension. Otherwise, it must be sent no more than 24 hours later. Reasonable effort shall be made prior to the start of the suspension. If parents of guardians cannot be reached prior to the start of the suspension, the administrator/designee may determine the start of suspension, but continued reasonable efforts shall be made.

Step 5: At the discretion of the principal/designee, a written behavior contract may be required upon the return of the student to the school. If the student has been suspended for more than five days (cumulatively or consecutively), a written behavior intervention plan should be put in place to prevent further suspensions.

PROCEDURES FOR STUDENTS RETURNING FROM A LONG TERM JUVENILE DETENTION CENTER/FACILITY

To prevent at-risk youth from dropping out of school as well as to provide dropouts and children and youth returning from correctional facilities or institutions for neglected or delinquent children and youth, with a support system to ensure their continued education, the following procedures should be implemented:

- Upon release, schools are required to enroll students released from correctional/detention facilities, provided he/she has the required registration documentation.
- Upon returning to school, the Problem Solving Team (PST) must convene to develop a transition plan for the student, which may include a threat assessment and safety plan.
- If a person is found to have violated the local board of education policies concerning drugs, alcohol, weapons, physical harm to a person, or threatened physical harm to a person, the person may not be readmitted to the public schools until any criminal charges or offenses arising from the conduct have been disposed of by appropriate authorities and the student has been re-instated by the Hearing Officer.

PROCEDURES FOR FORMAL DUE PROCESS HEARINGS

An administrator (or designee) may suspend a student for a Class III offense by complying with the procedures for suspension as well as notifying the parent(s) that the student is suspended to a hearing officer. Class III suspensions are to be scanned and emailed to the Hearing Department within 48 hours of the incident. If the school has not received notice of the hearing within three days of submission, the administrator may contact the hearing officer. Hearing Officers will not be allowed to accept a Class III suspension if they are not notified within this time period. Upon receipt of the suspension notice, the hearing officer shall comply with the following procedures in scheduling and conducting a hearing.

1. The hearing officer shall give the student and the student’s parent(s) or guardian oral or written notice of the charge or charges against the student within 48 hours of receipt of the Class III suspension. The hearing officer will normally conduct a hearing within ten (10) school days (or less) from the date of the suspension.
2. The STUDENT MUST APPEAR IN COMPLIANCE WITH THE BCS DRESS CODE) FOR THE HEARING. Failure to comply will result in the student being dismissed from the hearing. However, the hearing will proceed as scheduled.
3. The student’s parent or legal guardian must appear with the student at the hearing. Rescheduling must be requested at least five (5) business days before the hearing time; otherwise, hearings will be held as scheduled regardless of the attendance of the parent/guardian or student. Due to scheduling requirements, a delay of no more than 15 minutes can be allowed for a tardy parent/guardian/student.

4. A school hearing is an administrative proceeding and not a legal proceeding. Representation by an attorney is not necessary. However, should the parent/legal guardian feel an attorney is needed, the Hearing Officer must be notified at least five (5) business days before the hearing.

5. The hearing officer reserves the right to admit or deny the presence of any person in the hearing conference, other than the student and the student’s parent or legal guardian. Documentation of legal guardianship will be required.

6. At the hearing, the hearing officer shall give the student an opportunity to admit or deny the charge or charges.

7. If the student denies the charge or charges, he/she will be given an explanation of the evidence on which the charges are based and an opportunity to explain his/her version of the facts.

8. The hearing officer must allow all parties to call witnesses. The witnesses have a right to privacy. A witness also has the right to refuse to testify.

9. Appropriate behavior by the student and the parent/guardian is expected during the hearing procedure. The hearing officer may, at his/her discretion, stop the hearing at any point or have any party removed for failure to comply with a directive of the hearing officer.

10. After following the above procedures, the hearing officer, based on all facts presented (written and oral) shall decide whether the student did or did not commit an offense, what offense, if any, was committed and the appropriate punishment. The hearing officer shall prepare a written decision that shall include the charges against the student; the time, date and location of the hearing; a summary of the evidence presented at the hearing; the conclusions drawn from the evidence; and the disposition of the case.

11. The hearing officer may require restitution for damages to school board or personal property.

12. The hearing officer shall send a copy of the decision to the following persons:
   - Parent(s) or Guardian
   - Director of Student Success
   - School Principal (or designee)
   - Alternative School/Program Principal (providing student is referred)
   - Instructional Superintendent

13. A recording shall be made of the hearing and shall be kept in the Hearing Department for no less than one year from the date of the hearing. The parent may request a copy of the recorded hearing for a minimal fee from the Director of Student Success.

### PROCEDURE FOR APPEAL OF HEARING DECISION

If the parent(s) or guardian has additional (NEW) information NOT provided to the Hearing Officer, the parent(s) or guardian may file an appeal with the Director of Student Success. The appeal procedures are as follows:

1. The student or the student’s parent(s) or legal guardian must file a written request for an appeal.

2. The written request for an appeal must be addressed and mailed to the Director of Student Success.

3. The written request for an appeal must be postmarked on a date no more than seven (7) calendar days after the date of the hearing decision or delivered to the Hearing Department no more than seven (7) calendar days after the date of the hearing decision. If the written request for an appeal is not made on time, the hearing decision will be final.

4. The Director of Student Success, upon receipt of a timely filed written request for an appeal, will schedule an appeal hearing.

5. The Director of Student Success will arrange for an appeal hearing following the same procedures provided for hearings.
6. Procedures for Formal Due Process Hearings described on the previous page and above, will be in effect for the appeal hearing.

7. Within five (5) school days after the appeal hearing, the Director of Student Success shall submit to the superintendent written findings, conclusions, and recommendations made based on the evidence and matters presented at the appeal hearing.

**PROCEDURES FOR SEARCH AND SEIZURE**

When officials acting solely under the authority of the school or school system have reasonable grounds for believing that a search of a particular student will produce evidence of a violation of school disciplinary rules or of law, such school officials may, if circumstances warrant; (a) search the purse or the pockets of the student or (b) conduct a pat-down search of the person of the student. In weighing the circumstances to decide whether to conduct such a search and what specific search methods to employ, school officials should consider the seriousness of the suspected infraction, the level of intrusiveness of the search, and the age and sex of the student and the school official. A school official of the same sex as the student being searched will conduct such a search. Except in emergencies, such searches shall be conducted discreetly out of public view.

1. School officials, when possible, should avoid frequent and unnecessary group searches (i.e., searches of two or more students where individualized suspicion is lacking). Group searches should be conducted only (a) when officials have reasonable grounds to believe that evidence of illegal or dangerous activities will be uncovered, (b) when the immediacy of the circumstances and the school’s need to protect the safety and welfare of students is sufficient to justify such a search, and (c) when the invasiveness of the search method employed is minimal.

2. The school maintains control of student lockers and has the right to periodically inspect those lockers. Since students do not have exclusive possession of lockers, school officials may conduct locker searches at will. Drug-detecting dogs may be used in such locker searches at any time.

3. Students who park on campus are required to provide a copy of a valid driver’s license and proof of insurance. School officials may search a student’s car or other motor vehicle located on school property when reasonable grounds exist for believing that the search will uncover evidence of an infraction of school disciplinary rules or of an in-school violation of the law.

4. To provide and maintain a safe and secure environment for students, staff and authorized visitors, schools may employ the use of metal detectors. Stationary and/or mobile metal detectors may be used. School board employees shall conduct all metal detector searches. Any information obtained using metal detectors shall be used only for school disciplinary or law enforcement purposes.

5. To provide and maintain a safe and secure environment for students, staff and authorized visitors, schools may use video surveillance equipment on properties owned and/or maintained by the school system. These properties include buildings and grounds as well as vehicles owned and/or operated by the school system. All school personnel, students, and parents shall be informed that they are subject to being videotaped while in school buildings, on school grounds, at school events, and on system-owned/maintained vehicles. Any information obtained using surveillance equipment shall be used only for school disciplinary or law enforcement purposes.
6. No student searches shall be conducted by school officials with or at the request of law enforcement officers unless those officers are following appropriate police procedures and operating under a valid search warrant founded upon probable cause.

7. Provision of this Code of Conduct shall serve as notice of possible student search.

8. **LEGAL REFERENCE:** Code of Alabama, Section 16-1-24-1; The Administrative Code, 290-030-010-06.
UNANNOUNCED VISITS BY LAW ENFORCEMENT AGENCIES

To provide and maintain a safe and secure environment for students, staff and visitors, the Board supports the requirement of the Alabama Administrative Code, Section 290-030-010-06, to permit law enforcement agencies to make periodic, unannounced visits to any school within the Birmingham City Schools system. These visits will be unannounced to anyone except the local superintendent and building principal. Such visits shall be for the purpose of detecting the presence of illegal drugs and/or weapons.

MANDATORY REPORTING OF SUSPECTED CHILD ABUSE OR NEGLECT (CODE OF ALA. § 26-14-3(F))

According to Alabama laws, all ... nurses, school teachers and officials, peace officers, law enforcement officials, social workers, day care workers or employees, mental health professionals, as defined in Rule 505 of the Alabama Rules of Evidence, or any other person called upon to render aid or medical assistance to any child shall report or cause to report incidents where a child below the age of 18 is known or suspected to be a victim of child abuse or neglect.
Any student who has been identified as being eligible or is suspected of having a disability under the Individuals with Disabilities Education Act 2004 is subject to the provisions of the Code of Conduct and may be suspended or expelled. However, disciplinary decisions affecting disabled students shall be made with reference to and in compliance with state and federal laws, rules, and regulations governing disciplinary practices and procedures.

School personnel under 34 CFR 300.530 may remove a child with a disability who violates a code of student conduct from his or her current placement to an appropriate interim alternative educational setting, another setting, or suspension, for not more than ten cumulative or consecutive school days (to the extent those alternatives are applied to children without disabilities), and for additional removals of not more than ten consecutive/cumulative school days in that same school year for separate incidents of misconduct (as long as those removals do not constitute a change of placement under 34 CFR 300.536).

When a disciplinary action involving a change of placement, for more than 10 consecutive or cumulative school days in a school year is contemplated for a classified student because he/she engaged in behavior that violated any rule or code of conduct of the district that applies to all children, then a Manifestation Determination Meeting will be held.

a. The parents shall be notified of that decision and of all procedural safeguards accorded, not later than 2 school days after the date on which the decision to take that action is made; and

b. Immediately, if possible, but in no case later than 10 school days after the date on which the decision to take that action is made, a review shall be conducted of the relationship between the child’s disability and the behavior subject to the disciplinary action.
The Individuals with Disabilities Education Improvement Act of 2004, often referred to as “IDEA,” provides FAPE (Free Appropriate Public Education) for eligible students with disabilities. In order to be eligible to receive services under IDEA, a student must be determined to be a child with a disability impacting educational progress including:

- autism;
- deaf-blindness;
- deafness;
- emotional disturbance;
- hearing impairment;
- intellectual disability;
- multiple disabilities;
- orthopedic impairment;
• other health impairment;
• specific learning disability;
• speech or language impairment;
• traumatic brain injury; or
• visual impairment (including blindness),
and to need special education and related services (each as defined under IDEA). The District complies with the requirement to identify and evaluate students who may have disabilities, to determine the eligibility of such students, to develop individualized education programs, to place students in appropriate settings, to follow certain procedural safeguards (including in connection with disciplinary actions), and to protect the confidentiality of student records. Congress made changes to IDEA in 2004, and the U.S. Department of Education revised the regulations on August 14, 2006, and December 1, 2008.

“Appropriate” under FAPE:
The meaning of the term appropriate will depend on the unique needs of the individual student. Under IDEA, an appropriate education to a student with a disability is provided when:

— District personnel comply with Alabama Administrative Code (AAC), applicable federal law, and procedural requirements; and
— the individualized education program developed for the student is reasonably calculated to enable the student to receive educational benefit.

The federal regulations implementing IDEA define an appropriate education as the provision of general or special education and related aids and services that:

— are designed to meet individual educational needs of persons with disabilities as adequately as the needs of persons without disabilities are met; and
— are based on adherence to procedures that satisfy the requirements for evaluation.

The District is not required to provide the best possible education for a student with a disability. However, the District must provide a program that is designed to provide some educational benefit to the student. These educational benefits must be more than minimal, meaning that the program must be designed to result in some tangible gain in the student’s abilities.

**Child Find**
The Child Find Project seeks to create public awareness of special education programs, to advise the public of the rights of eligible children and parents, and to alert community residents of the need to identify, locate, and assess qualified children who are suspected of having a disability or developmental delay, and needing special education and/or related services. Children may be referred to Child Find by parent, state or community agencies, private agencies, medical providers or facilities, private or parochial schools, preschool or day care centers or others concerned with the child’s needs. After the referral is initiated and the decision to evaluate is made, procedures for initial evaluation are followed.

To make a referral, contact 205-231-4777.

**Gifted Education**
Intellectually gifted children and youth are those who perform or who have demonstrated the potential to perform at high levels in academic or creative fields when compared with others of their age, experience, or environment. These children and youth require services not ordinarily provided by the regular school program. Children and youth possessing these abilities can be found in all populations, across all economic strata, and in all areas of human endeavor.

**Who May Refer:**
A student may be referred for consideration for gifted services by teachers, counselors, administrators, parents or guardians, peers, self, and other individuals with knowledge of the student’s abilities. Standard referrals may occur at any time for students six years of age and older. Parents must be informed when students are referred.

**Method of Evaluation:**
For each student referred, information is obtained in the areas of Aptitude, Characteristics, and Performance. The information is entered on a matrix where points are assigned according to established criteria. The total number of points earned determines whether the student qualifies for gifted services. Any person wishing to make a referral, may contact your local school or the Central Office Special Education Department at 231-4600.

Section 504 of the Rehabilitation Act of 1973 (Section 504) is a civil rights statute that prohibits discrimination/harassment on the basis of a disability in any program or activity receiving federal financial assistance. In particular, Section 504 provides that:

No otherwise qualified individual with a disability in the United States...Shall, solely by reason of her or his disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance...

29 U.S.C. § 794(a) (1973)

Students who receive 504 services must adhere to the district's Code of Student Conduct, and may not be subjected to a disciplinary action for more than 10 (consecutive/cumulative) school days - unless it has been determined, by the 504 Team, that the behavior(s) causing the disciplinary action IS NOT related to the student's disabled condition(s). Disciplinary action(s) that may result in 10 or more school days must follow the 504 Manifestation Determination/Evaluation prior to any outcome.

Disciplinary action(s) less than 10 days (cumulative/consecutive for the year) DO NOT require the 504 Manifestation Determination/Evaluation. However, a review of the 504 Plan may be needed.

APPENDIX III: SECLUSION AND RESTRAINT FOR ALL STUDENTS

Alabama Administrative Code §290-3-1-.02(1)(f)

The Birmingham City School District supports a positive approach to behavior that uses proactive strategies to create a safe school climate that promotes dignity, creates authentic student engagement, increases instructional time, and improves student achievement for all students. Unfortunately, students sometime display behaviors which place them or other students in immediate danger. School programs must implement proactive strategies and interventions to reduce the likelihood of these incidents and must have clearly identified responses to address them when they occur.

In December 2011, the Alabama State Board of Education adopted Rule 290-3-1.02(1)(f) regarding the use of seclusion and restraint for all students and the Birmingham City School Board has adopted a policy consistent with this Rule. The Rule prohibits the use of seclusion as defined herein and limits the use of physical restraint to those situations in which students are in immediate danger to themselves or others.

Definitions from Alabama Administrative Code:

**Chemical Restraint** is prohibited in Birmingham City Schools and educational programs. It is defined as any medication that is used to control violent physical behavior or restrict the student’s freedom of movement that is not a prescribed treatment for the student.

**Physical Restraint** is direct physical contact from an adult that prevents or significantly restricts a student’s movement. The term physical restraint does not include mechanical restraint or chemical restraint. School employees may provide limited physical contact and/or redirection to promote student safety or prevent self-injurious behavior, provide physical guidance or prompting when teaching a skill, redirect attention, provide guidance to a location, provide comfort, or provide limited physical contact as reasonably needed to prevent imminent destruction to school or another person’s property. Physical Restraint that restricts the flow of air to the student’s lungs, including any method (face-down, face-up, or on your side) of physical restraint in which physical pressure is applied to the student’s body that restricts the flow of air into the student’s lungs, is prohibited in Birmingham City Schools and educational programs.

**Mechanical Restraint** is prohibited in Birmingham City Schools and educational programs. It is defined as the use of any device or material attached to or adjacent to a student’s body that is intended to restrict the normal freedom of movement and which cannot be easily removed by the student, is prohibited. School employees may use adaptive or protective devices when recommended by a physician or therapist to promote normative body positioning, physical functioning, and/or to prevent self-injurious behavior. Seat belts and other safety equipment can be used to secure students during transportation.

**Seclusion** is prohibited in Birmingham City Schools and educational programs. It is defined as a procedure that isolates and confines the student in a separate, locked area until he or she is no longer an immediate danger to himself/herself or others, is prohibited. The seclusion occurs in a specifically constructed or designated room or space that is physically isolated from common areas and from which the student is physically prevented from leaving. Seclusion does not include situations in which a staff member trained in the use of de-escalation techniques or restraint is physically present in the same unlocked room as the student, time-out as defined below, in-school suspension, detention, or a student-requested break in a different location in the room or in a separate room.

**Time-Out** refers to a behavioral intervention in which the student is temporarily removed from the learning activity. Time-out is appropriately used when:
(1) The non-locking setting used for time-out is appropriately lighted, ventilated, and heated or cooled;
(2) The duration of the time-out is reasonable in light of the purpose of the time-out and the age of the student, but should not exceed 45 minutes per time-out;
(3) The student is reasonably monitored and in line of sight by an attending adult; and
(4) The time-out space is free of objects that unreasonably expose the student or others to harm.
Requirements of the Seclusion and Restraint Rule:

The use of physical restraint is prohibited in Alabama public schools and educational programs except in those situations in which the student is an immediate danger to himself or others and the student is not responsive to less intensive behavioral interventions including verbal directives or other de-escalation techniques. Notwithstanding the foregoing, physical restraint is prohibited in Alabama public schools and educational programs when used as a form of discipline or punishment or as a means to obtain compliance. All physical restraint must be immediately terminated when the student is no longer an immediate danger to himself or others or if the student is observed to be in severe distress.

Procedures Regarding Restraint:

The following procedures will apply to the use of restraint in Birmingham City Schools' schools and education programs:

Staff Training Procedures

Selecting Staff for Training

All school staff that reasonably would be expected to be involved in an incident of physical restraint of a student will participate in training provided by the District on the "MANDT" system of preventing, de-escalating and if necessary, intervening when the behavior of an individual poses a threat of harm to themselves or others. The District's Executive Director of Student Services/designee will be responsible for designating the staff to be trained in the MANDT system. In addition, training will be provided on the proper use of physical restraint, should it be necessary, to prevent harm to a student or others.

Documentation of Training

All school staff who are trained in the "MANDT" program will be required to sign in by using the sign-in sheet provided at the training by the District's Director of Social/Emotional Learning/designee. A list of all participants in each training session will be maintained by the Director of Social Emotion Learning and all records related to the training will be made available to the Alabama Department of Education or any member of the public upon request.

Reporting and Documenting Incidents of Physical Restraint

In the rare instance that the use of physical restraint is deemed necessary, the District will follow the following reporting and documentation requirements related to each incident of physical restraint:

Written parental notification

No later than one (1) school day after the incident of physical restraint occurs, the parent(s)/guardian(s) of the student must be notified, in writing, of the incident. The form to be used for parental notification can be found as Appendix IV hereto. Sending of the written notice will be documented on form "School’s Documentation of Required Action Taken After Incident of Physical Restraint," Appendix V, and a copy of the written notice will be sent to the District's Director of Social Emotional Learning. If the student involved is not a special education student, the Director of Social Emotional Learning will advise the appropriate district-level administrator of the incident.

No later than one (1) school day after the incident of physical restraint occurs, the staff person(s) involved in the incident will complete an Incident Report, Appendix VI hereto. The Incident Report will be provided to and reviewed by the School Principal/designee and a copy will be sent to the District's Director of Social Emotional Learning. Completion of these tasks must also be documented on the appropriate form, Appendix V no later than five (5) school days after the incident of physical restraint occurred, the Principal/designee will convene all staff who participated in or supervised the restraint. This session will be for the purpose of debriefing and for developing preventative strategies to reduce reoccurrence of the behaviors that led to the need to use restraint. The Director of Social Emotional Learning will create monthly summary reports of the incidents of physical restraint and ensure that those are used for the preparation and submission of required annual reports to the School Board and to the Alabama Department of Education. These reports will also be reviewed periodically to assess the need for additional training, consultation with behavioral experts, revision of services for students, etc.

APPENDIX VII: THREAT ASSESSMENT PROTOCOL

The purpose of this protocol is to establish a procedure for members of the Birmingham City School System and community to work together to recognize and assess threats of violence in a school setting and, if possible, to prevent acts of violence from occurring. The protocol is intended to help school administrators and law enforcement officials identify credible threats of violence, establish procedures for addressing them, and develop guidelines for follow-up once a threat has occurred.

**Threatened Act of Violence:** Any threat or action that suggests the possibility that serious physical injury or death may be caused to another.

**Procedure:** The following procedure is separated into several sections to highlight the responsibilities of different members of the school community.

1. Any student, parent or guardian, or school staff member, upon receiving information that a person is threatening to commit an act of violence, shall:
   - Assume the threat is serious;
   - Immediately report the threat to a school administrator or law enforcement officer;
   - Take measures to preserve the evidence;
   - Be available and cooperative in providing a statement of information, with the understanding that the information source will remain anonymous to the greatest extent possible.

2. Any school administrator, upon receiving information that a person is threatening to commit an act of violence, shall:
   - Assume the threat is serious;
   - Arrange for threat assessment interviews to be conducted.

3. The SRO/police officer, upon receiving information that a person is threatening to commit an act of violence or upon notification from a school administrator that a threat to commit an act of violence has occurred, shall:
   - Assume the threat is serious;
   - Immediately notify a school administrator and provide complete information;
   - Work with the school administrator to make arrangements for the threat assessment interviews to be completed.

**Threat Assessment Interviews:** The primary purpose of the interviews are to engage in an assessment of the available information in an attempt to determine the veracity of the threat in order to decide what level of follow-up action is needed and appropriate.

1. The school administrator will make arrangements for the threat assessment interview to be conducted at the time of the threat or as closely to the time of the threat as possible.
2. Administrators will work with law enforcement personnel to determine an appropriate time to conduct the assessment if law enforcement determines there is need/cause for immediate removal of the student from the school campus.
3. Once the assessment is complete, the SRO/police officer and school administrator shall convene privately to discuss the threat and consider options for further assessment and follow-up action. If the result of the threat assessment indicates that the threat is credible, school administrators will follow standard procedures regarding disciplinary actions for the student, notification of the parent, etc. Birmingham City Schools will cooperate with law enforcement and diligently seek criminal prosecution for any incident involving threats of violence.
4. If the result of the threat assessment indicates that the threat is not credible, the school administrator will determine if any further action is necessary and contact the parents/guardians of the students involved in the incident.
APPENDIX VIII: ATTENDANCE POLICY

Regular attendance is essential for a student's successful academic progress. The right to attend school and arrive on time is the responsibility of both the student and the parent (in the case of children under seventeen years of age).

Alabama State Law 16-28-3, Code of Alabama, 1975 requires all children between the ages of six (6) and seventeen (17) to attend school regularly. Alabama State law states that each child who enrolls in a public school, whether or not the child is required by law to enroll, is subject to the school attendance and truancy laws of the state. Parents or guardians having control over school age children are responsible for their children's regular attendance and proper conduct. Failure to comply with the Compulsory School Attendance Law requires the Attendance Officer to file a complaint in the Jefferson County Family Court.

**Excused Absences**

Absences may be excused for the following reasons:
- personal illness;
- death in the immediate family;
- inclement weather (as determined by the principal) which would be dangerous to the life and health of the child;
- legal quarantine;
- emergency conditions as determined by the principal; and
- prior permission of the principal upon request of the parent or legal guardian.

**Written Excuses:**

A written excuse from the parent/guardian explaining the absence or a doctor’s note stating the reason for the absence must be provided to the school within three (3) days of the student’s return to school to be counted as an excused absence. The written statement must include:

1. The date(s) of absence
2. The reason for absence
3. The parent’s signature

A written excuse from parents or guardians, as described above, will excuse absences for up to but not exceeding ten (10) absences during the school year. Further absences will require a written excuse from a medical doctor or court official.

**Unexcused Absences:**

Any absence that does not fall under the category of Excused Absence is recorded as an Unexcused Absence. Any student with seven (7) unexcused absences during the school year may be referred to Early Warning Court.

**What to Expect for Excessive Unexcused Absences:**

- 3rd unexcused absence: warning letter from school
- 5th unexcused absence: parent conference with school officials
- 6th unexcused absence: parent meeting with district attendance staff
- 7th unexcused absence: parent and/or student may be referred to Early Warning Truancy Program
- 10th unexcused absence: petition may be filed in Jefferson County Family Court against parent or student for truancy or educational neglect
**Early Warning Truancy Program**

Parents and students will be referred to the Early Warning Truancy Program on the seventh (7TH) unexcused absence. Referral to the program includes the following steps:

1. The parent will receive official notification by U.S. Mail. The notice will require the parent and student to report to Jefferson County Family Court.
2. The parent and student will meet with the attendance officer and a court official. The attendance officer will review the system’s Attendance Policy. The Court Official will review the State of Alabama’s Attendance Laws and consequences of breaking the laws.
3. If the parent and student fail to appear at the scheduled Early Warning Truancy Program, the parent may receive legal notice and a court referral.

**Absence Due to Chronic Ailment:**

Parents or guardians of any student having a chronic ailment that may cause the student to miss school are required to provide the school with a clinical or doctor’s statement verifying the child’s condition. The clinical or doctor’s statement must be provided when a student enrolls or at the time of diagnosis (if already enrolled). An updated doctor’s statement should be provided at the beginning of each school year. The written statement must include:

1. The nature of the child’s illness
2. A statement from the doctor that the student may have to miss school from time to time due to this illness

Failure of parent/guardian to provide the school with a chronic ailment statement can result in unexcused absence accumulation and referral to Juvenile Court.

A written excuse from the parent/guardian must be submitted to the school for each absence explaining the reason for absence is due to the chronic ailment.

In cases of prolonged absences due to illness, the parent or guardian should seek assistance from the Homebound Program.

**Absence Due to Extreme Emergency:**

In cases where extreme emergencies exist and can be verified, the principal may extend the maximum number of unexcused absences per term that a student may accumulate before credit is withheld. The principal may establish an alternative plan by which students may redeem credits. This plan must include completion of assignments as well as a time requirement, such as Saturday School or before/after school time.

**Loss of Credit and Appeal:**

For high school students, excuses are limited to ten (10) per semester for a full credit course and five (5) for a half-credit course. Combined (excused and unexcused) absences from a class period more than ten (10) times a semester may result in a loss of credit.

The parent or guardian may appeal a decision to withhold credit for an individual student based upon excessive unexcused absences to the Director of Student Success, setting forth the reasons for the absences and attaching any supporting documentation. The appeal is to be considered by a three-member panel, which will include the Chief Academic and Accountability Officer of Birmingham City Schools. The committee can exercise one of the following:

- Uphold the principal’s decision and withhold credit;
- Reject the principal’s decision and award credit; or
• Approve or revise the principal's offer of an alternative plan.

Students over age seventeen (17) who accumulate more than ten (10) days of unexcused absences during a single semester may be withdrawn from school.

• Parents **must** be notified of pending withdrawal and given one (1) week to appear before the principal to show cause as to why the student should not be withdrawn from school.

• School Attendance Designee, Grade Level Counselor, and Assistant Principal must conduct an exit interview where the student and student's parents or legal guardian meet with designated school staff and are advised of the negative effects of withdrawal such as unemployment, decreased future earning potential, driver license revocation.

• The student and parent or legal guardian also be provided with GED information and discuss other classes or opportunities available to the student.

• The completed exit interview should be placed in the student's cumulative file. The Director of Student Success working in cooperation with the Special Education Department and Executive Director of Student Support Services must approve all withdrawals for special education students.

---

**Education Thrives When You Keep It Under Five Days Absent**

**Consequences of Missing School**

• **Drop-out**—Students who are chronically absent typically fall behind in grade level and drop out of school.

• **Negative Behaviors**—Students who are chronically absent are at-risk for other behaviors, such as alcohol and drug abuse, teenage pregnancy, and violence.

• **Low Academic Performance**—Students who are chronically absent usually receive lower grades and perform poorly on standardized tests.

**Chronic Absenteeism**

As defined by the Alabama State Department of Education, chronically absent students are those students who miss 15 or more days of school for any reason- including excused or unexcused absences. According to the OCR, an absent student is one who misses 50 percent of the instructional day for any reason and regardless of whether the absence is excused or unexcused. **In other words, students who are absent for any reason - including suspension, illness, and death in the family - AND miss 15 or more days of the school year will be considered chronically absent.**

Section 2: Definitions

In this policy, these terms shall have the following meanings:

(a) "Bullying” means a continuous pattern of intentional behavior (or a single incident which is particularly egregious) that takes place on or off of school property, on a school bus, or at a school-sponsored function including, but not limited to, cyberbullying or written, electronic, verbal, or physical actions that are reasonably perceived as being motivated by any characteristic of a student, or by the association of a student with an individual who has a particular characteristic, if the characteristic falls into one of the categories of personal characteristics contained in this policy. To constitute bullying, a pattern of behavior may do any of the following:

- Place a student in reasonable fear of harm to his or her person or damage to his or her property.
- Have the effect of substantially interfering with the educational performance, opportunities, or benefits of a student.
- Have the effect of substantially disrupting or interfering with the orderly operation of the school.
- Have the effect of creating a hostile environment in the school, on school property, on a school bus, or at a school-sponsored function.
- Have the effect of being sufficiently severe, persistent, or pervasive enough to create an intimidating, threatening, or abusive educational environment for a student.

(b) When harassing conduct is sufficiently severe, persistent, or pervasive that it creates a hostile environment, it can violate a student’s rights. A hostile environment may exist even if there are no tangible effects on the student where the harassment is serious enough to adversely affect the student’s ability to participate in or benefit from the educational program.

(c) Violence” means the unjustified infliction of physical force by a student with the intent to cause injury to another student or damage to the property of another student.

(d) “Threat” means a statement of an intention to inflict pain, injury, damage, or other hostile action to cause fear of harm. The intention may be communicated through an electronic, written, verbal, or physical act to cause fear, mental distress, or
interference in the school environment. The intention may be expressly stated or implied and the person communicating the threat has the ability to carry out the threat.

(c) "Threat of violence" means an unjustified expression of intention to inflict injury or damage that is made by a student and directed to another student.

(f) "Intimidation" means an unjustified threat or other action that is intended to cause fear or apprehension in a student.

(g) "Student" as used in this policy means a person who is enrolled in Birmingham City Schools.

Section 3: Description of Behavior Expected of Students

(a) Students are expected to treat other students with courtesy, respect, and dignity and comply with the Code of Student Conduct. Students are expected and required (1) to comply with the requirements of law, policy, regulation, and rules prohibiting bullying, violence, or intimidation; (2) to refrain from inflicting or threatening to inflict violence, injury, or damage to the person or property of another student, and (3) to refrain from placing another student in fear of being subjected to violence, injury, or damage when such actions or threats are reasonably perceived as being motivated by any personal characteristic of the student that is identified in this policy.

(b) Bullying, intimidation, violence, or threats of violence are prohibited and will be subject to appropriate disciplinary consequences and/or sanctions if the perpetrator of such an action is found to have based the prohibited action on one or more of the following personal characteristics of the student:

- Race
- Sex
- Religion
- National origin
- Disability

Section 4: Consequences for Violations

A series of graduated consequences for any violation of this policy will be those outlined in the Code of Student Conduct or any rule or standard adopted under authority of this policy. Punishment shall conform with applicable federal and state disability antidiscrimination and educational laws. An anonymous report may not be the basis for imposing formal disciplinary actions against a student, unless said anonymous report is found to be credible.

Section 5: Reporting, Investigation, and Complaint Resolution Procedures

(a) Any student, or parent or guardian of the student, who is the object of or witness to bullying, harassment, intimidation, violence, threat of violence, or threat of suicide may file a complaint outlining the details of the harassment. Complaints alleging violations of this policy may be made on the Board approved complaint form (Appendix VIII) available in the handbook, on the website, or at the school’s office. The complaint must be delivered to the principal or the principal’s designee by mail or personal delivery. Incidental or
minor violations of the policy may be presented and resolved informally. It is not the sole responsibility of the affected student or the parent or guardian of the affected student, to report incidences of harassment or other violations of this policy, but rather District staff who are made aware of such incidents shall report said matters as well.

(b) The complaint form developed to report violations of this policy includes a provision for reporting a threat of suicide by a student. If a threat of suicide is reported, the principal or the principal’s designee is authorized to inform the student’s parent or guardian of the report unless at the discretion of the school principal or the principal’s designee the apparent cause of the threat of suicide is child abuse or other significant harm from a parent or guardian.

(c) Within 15 working days of the complaint being submitted, the principal or designee will conduct an impartial investigation thereby affording full due process to the complainant, this process shall include but is not limited to, meeting separately with each student and/or employee involved in the situation, as well as any witnesses that may have knowledge of the matters alleged. During the process, the complainant shall have the right to present witnesses and any other evidence related to the complaint.

(d) As a part of this investigation, the principal or designee will conference with the victim and parent/guardian to discuss safety and community resources.

(e) Additionally, the principal or designee will conference with the alleged perpetrator (and the parent/guardian of the alleged perpetrator if he/she is a student) to discuss appropriate behaviors and consequences. With the prior consent of the victim, the principal may issue a School-Based Stay-Away Agreement to the alleged perpetrator during the parent/guardian conference.

(f) The investigation shall be completed within 15 working days and after reviewing all of the evidence presented, the principal (or designee) shall make a determination regarding the merits of the alleged bullying, harassment, etc. The investigation will entail the gathering of relevant facts and evidence taking into account the circumstances of the complaint. If the investigation establishes a violation, appropriate disciplinary sanctions may be imposed on the offending student(s). Other measures that are reasonably calculated to prevent a recurrence of the violations(s) may also be imposed by the principal or the school system.

(g) All parties shall be provided with the written decision/findings of the principal within 15 working days after the complaint was filed.

(h) Acts of reprisal or retaliation against any student who has reported a violation of this policy or sought relief provided by this policy are prohibited, and are themselves a violation of this policy. Any confirmed acts of reprisal or retaliation may be subject to disciplinary sanctions that may include any sanction, penalty, or
consequence that is available to school officials under the Code of Student Conduct. A student who deliberately, recklessly, and falsely accuses another student of a violation of this policy may be subject to disciplinary sanctions as outlined in the Code of Student Conduct.

(i) In addition, the local school shall take steps to prevent recurrence of any harassment (if such harassment was found to occur) and to correct discriminatory effects on the complainant and others, if appropriate.

Section 6: Promulgation of Policy and Related Procedures, Rules, and Forms

This policy and any procedures, rules and forms developed and approved to implement the policy will be published on the BOS website, and shall be available at each school office.

How to Differentiate Between Bullying and Other Peer Conflicts and Teasing

What is Bullying? Bullying is defined as a deliberate, repeated act with intention to hurt, insult or threaten another person in school, on school grounds, in school vehicles, or at school events. Bullying consists of an imbalance of power.

**Friendly Teasing:** One student comments to another student that he should turn his/her jersey inside out because his favorite team lost last night.

**Hurtful Teasing:** One girl comments to another girl that she looks chubby in the outfit she is wearing.

**Peer Conflicts:** Two students have a disagreement on the playground about which one will be the pitcher in kickball.

**Bullying:** One student repeatedly threatens another student that if he walks down a specific hallway he will get “beat up”. Another example is one student repeatedly calling another student a name regarding his sexual orientation.

Three questions guide BCS school officials to determine when a behavior constitutes bullying.

1. Was the alleged bullying behaviors repeated and deliberate?
2. Did the alleged bullying behaviors inflict harm or suffering?
3. Is there an imbalance of real or perceived power between the alleged victim and alleged author of the behavior?

APPENDIX XVI: FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children’s education records. These rights transfer to a student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom rights have transferred are “eligible students”.

- Parents or eligible students have the right to inspect and review the student records maintenance at the school. Schools are not required to provide copies of records unless, for reasons such as great distance makes it impossible for parents or eligible students to review these records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records that they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release information from a student’s education record. However, FERPA allows schools to disclose those records without consent, to the following parties or under the following conditions (34 CFR 99.31).
  - School officials with legitimate educational interest;
  - Other schools to which a student is transferring;
  - Specified officials for audit or evaluation purposes;
  - Appropriate parties in connection with financial aid to a student;
  - Organizations conducting certain studies for or on behalf of the school;
  - Accrediting organizations;
  - To comply with a judicial order or lawfully issued subpoena;
  - Appropriate officials in cases of health and safety emergencies; and
  - State and local authorities, within a juvenile justice system; pursuant to specific State law.

Schools may disclose, without consent, “directory” information such as a student’s name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a bulletin, student handbook or newspaper article) is left to the discretion of each school.
APPENDIX XVII: ADMINISTERING MEDICINES TO STUDENTS

Oral Medication in Schools

If under exceptional circumstances a child is required to take oral medication during school hours and the parent cannot be at school to administer the medication, the school nurse or principal’s designee trained in administration of medication will administer the medication in compliance with the regulations that follow:

A. Written instructions signed by a physician will be required and must include:
   1. Child’s name
   2. Name of medication
   3. Time to be administered
   4. Dosage
   5. Possible side effects
   6. Termination date for administering the medication
   7. Special storage instructions

   A medical form for this purpose may be obtained from each school’s office.

B. Over the counter medications (example: Tylenol, Advil, aspirin) must be prescribed by the physician or licensed health care provider to be given on an “as needed” basis for chronic illness. Over the counter medication will not be given for acute illnesses.

   ALL medications for students require a physician’s signature.

C. The medication must be brought to school in a container labeled by the pharmacist according to the prescription.

D. Students will not be permitted to carry medication to and from school. All medication that will be administered at school must be brought to the school office by the parent/guardian of the student. When the medication is completed, out-of-date, or at the end of the school year, parents will be advised in writing to pick up any unused medicine. Medications not picked up by parents (by the last day of school) will be destroyed.

Self - Administered Medications

Students who have conditions such as asthma, diabetes, and hypersensitivity to bee stings/insects may require self-administration of medications. The student may self-medicate when the following criteria are met:

A. Written consent by parents on the medical form

B. Written instructions signed by a physician are also included on the medical form

C. Certain medications (i.e., inhalers) may be kept on the student’s person if the physician deems necessary and provides instructions. This must be discussed with and approved by the school’s principal and school nurse.

D. The student must be trained in the procedure to manage his/her condition.
School’s Responsibility

The school nurse or principal’s designee trained in the administration of medication will:

1. Inform appropriate school personnel of the medication
2. Keep a record of the administration of medication
3. Keep medication in a locked cabinet
4. Return unused medication to the parent/guardian only

The school system retains the discretion to reject requests for administration of medication in the schools.

Parent’s Responsibilities

The parents of the child must assume responsibility for having the medication form properly completed and returned to the school. The parents of the child must assume responsibility for informing the school of a change in the child’s health or change in medication.

Illness

Many parents are concerned about when to keep children who have been ill home from school. These are a few of the most common symptoms parents should consider when determining to keep a child at home.

- Your child should stay at home if he/she has a fever of 100 degrees (orally) or more and should remain home for about 24 hours after the fever has gone.
- Your child should stay home if he/she has vomited or has diarrhea (more than 1 loose stool) within 2 hours prior to the start of school. (Be alert of stress induced vomiting – some children throw up when worried about something.)
- Conjunctivitis (pinkeye) can be very contagious. If the white of your child’s eye is red and has any type of drainage, you should keep your child at home.
- Other conditions that merit keeping your child home include, but are not limited to: head lice, chicken pox, and strep throat.

Remember that a doctor’s note must accompany any medications that are to be given during school hours. We appreciate your help in preventing the spread of disease in school and in limiting the number of days children miss due to illness.
