Re: Headphone Distribution

Dear World Class Parents/Guardians,

We are providing headphones for all of our students. Headphones in remote learning situations can make a huge difference to the quality of a lesson. From being more clearly heard, to hearing more clearly and, of course, remaining comfortable for long periods of time. In order for our students to do their best work, we know it is important to also provide external noise reduction in headphones designed for remote working and collaboration. These headphones with microphones will allow our students to stay focused and on track.

We value your participation in your child's education and encourage you to utilize and protect the headphones. The headphones come with a 2-year manufacturer's warranty.

Please leave the warranty tag on the headphone or store in a protective file for your direct access to contact the company. If you have any other issues with your headphone contact our technology liaison, Ms. Marci Baggett. If you have questions or feedback regarding headphone distribution, please email us at mbaggett@bhm.k12.al.us.

Sincerely,

E. Nzeocha , PhD., MSHA, MBA

"An IB World Class School of Excellence"

Dr. E. Nzeocha, Principal

Mrs. R. Wiggins, Asst. Principal
