GREETINGS PARENTS:

It is our pleasure to offer all scholars new opportunities to learn and grow during our four weeks of ***Sensational Summer Learning*** in Birmingham City Schools. It all begins on June 13, 2022.

This year, all BCS campuses will have summer programs at all Birmingham City Schools. We are putting all the pieces in place to ensure access to quality programs and extra accommodations to meet the needs of students and their parents.

Transportation will be available throughout the summer learning period. Also, breakfast and lunch will be served each day.

Our ***Sensational Summer Learning*** initiative will allow us to continue on a path to success and recover learning that was disrupted during the pandemic and this summer. I am pleased that the Birmingham City Schools academic leaders and our community partners have developed fun and engaging learning opportunities for all of our scholars.

We're going to have a Sensational Summer in Birmingham City Schools.

SINCERELY,
Mark A. Sullivan, Ed.D.
