**COVID TESTING** IN ALABAMA K12 SCHOOLS

**BIRMINGHAM** CITY SCHOOLS
BUILDING LEADERS. IMPACTING THE WORLD.

# ENROLL TODAY TO KEEP ALABAMA'S K-12 SCHOOLS IN THE CLASSROOM

**ABOUT THE PROGRAM:**

- The UAB School of Public Health is currently collaborating with the Alabama Department of Public Health and the Alabama State Department of Education to offer free and voluntary asymptomatic COVID-19 testing in Alabama K-12 schools. This program is fully funded by $147 million by the U.S. Department of Health and Human Services (HHS) Federal Funds.
- Consent required to participate, may join or leave program at any time.

**ABOUT THE TEST:**

- Front of the nose swab, not the "brain" swab!
- Testing takes less than 1 minute, results within 24 hours.
- School staff and families will be notified in the event of a positive test result.
- Schools will follow district-approved COVID-19 plan in event of positive case.

**HOW TO ENROLL:**

- Faculty, staff, and students are invited to enroll.
- Schools will provide paper and electronic enrollment forms.
