Hello Parents & Guardians,

I hope you and your family are doing well during this pandemic. Below are essential facts you will need to be aware of for your student(s).

• Woodlawn High School is closed to students and parents/guardians. The only exception is if you are picking up or returning packets for your student(s). Designated times will be announced.
• Teachers will have until April 8th, 2020, to update grades.
• If your student(s) is failing any current class, they will have until May 27th, 2020, to submit any missed work to their teacher.
• If your student(s) is in Credit Recovery or Acellus, they will have until May 27th, 2020, to complete class(s).
• If your student(s) is currently passing their current course but want to increase their grade and grade point average (GPA), they will have the option to complete enrichment exercises.
• If your student(s) is satisfied with their third nine weeks grade, they are done, but I strongly suggest they continue with enrichment exercises.
• Teachers will be available daily for instruction and parent contact. Designated times will be announced.
• Senior student(s) it is vitally important that you have completed ALL graduation requirements, if you are failing a current class, your teacher will be in contact with you soon. If you failed a class from a previous grade, you are responsible for completing Credit Recovery or Acellus by May 27th, 2020. Mrs. Willis will contact you if it applies to you.

This is new territory for everyone, and we will get through it together!

Yours in Service,

Dr. Terrell Brown, Principal
